

# Brendan Power News

Feb 2017

## Hey folks!

It's been a while since the last newsletter, but it's been a productive period for me, working on new products and recording new music. Here's what I've been up to:

### New Products

- **PowerPlugs** for Hohner and Suzuki Chromatics

PowerPlugs offer the same efficient chamber reduction of PowerCombs for superior reed response in the critical top octave. They are quick and easy to install and a set of PowerPlugs is considerably cheaper than buying a full PowerComb. It's a win-win all the way!

- **CX-12 PowerPatch**

The PowerPatch is a specially designed 3D printed internal patch for fixing broken CX-12 shells.

- **Lucky 13 Cases**  
Specially-fitted Lucky 13 cases with soft but sturdy protective zipped pouches. They come with internal compartments for 5 or 12 Lucky 13s.
- **Lucky 13 Silver Covers**  
For those who prefer the cover plates of their Lucky 13 harps to be chrome-plated

### Album Release

- **Sketches in Blue**

A relaxed Americana/Blues album recorded live at home with my friend Joe Jones. (Available in MP3 format only.)

### Coming soon...

- Twin Harmonica System – a very small new model
- Lucky 13 in alternate tunings
- 10-Hole Harp PowerCombs
- New Irish Harmonica 2 – new album
- Harmonica and Button Box - new album

That's all for now.

**End of Line Sale**

**25% off!**  
ChromaBenders

**40% off!**  
Slide Diatonics

Be quick - once they're gone, they're gone!

**Get in touch**
